ID

PRADI I 0109

Both Model PRADI I (0109) and Model PRADI II (0110) feature comfort-soft cushions (ALL back, seat and arm cushions) which have a layer of natural feather underneath the cushion leather. The core of the cushions are still made with high density polyurethane foams that ensure the sitting support and durability.

PRADI I 0109

The headrest is optional and is available for all sofa items of Model PRADI.

Crocodile-skin-printed leather is specially used for upholstering the entire frames of both Model PRADI I (0109) and Model PRADI II (0110). This feature enriches the luxury flair of the model.

CASALINO I 0102

Flipping up the sofa backs brings support and comfort to your back.
 Flipping down the sofa backs gives you a grand view of a sofa set with the modern low-back design.

CASALINO I 0102

Highly reliable Italian mechanisms, including gas lifts, flip up and create strong back support while sitting.

A matching stool of Model CASALINO is available as an option.

CASALINO II 0103

CASALINO II 0103

Highly reliable Italian mechanisms, including gas lifts, flip up and create strong back support while sitting.

The unique "double-stitching" patterns on both the back and seat cushion tops offer an alternative to modern minimalism.

Luxury Sofas

Minimalistic with round frames is the title feature of Model RUSCO. The modern and timeless design is also complimentary to the comfort of the model.

RUSCO I 0105

The solid stainless steel sofa foot features the matching round-and-double shape.

Swiveling feature is available in the matching armchair of Model RUSCO.

The headrest is optional and is available for all sofa items of Model RUSCO.

RUSCO II 0106

RUSCO II 0106

Minimalistic with round frames is the title feature of Model RUSCO. The modern and timeless design is also complimentary to the comfort of the model.

The tufted seat feature of Model RUSCO II (0106) gives the model additional value to users who appreciate extra handworks and showy details.

ALONTE III 0099

The back frames of both Model ALONTE I (0097) and Model ALONTE III (0099) are featuring Italian mechanisms which rise up automatically after being pushed downward. Each back frame is controlled by a highly reliable gas lift which offers better back support while sitting on a trendy low back sofa.

A unique design of tufted sofa arms which features at 3 different dimensions of every sofa arm.

Stainless steel metal-tube sofa feet run all the way from the front and the lateral to the back-side of each sofa arm frame.

SXL

MELARA I 0100

The round concept of Model MELARA creates beautiful connections between curves and clean-cut straight lines. With such a marriage, Model MELARA can be wisely fit in a living room even when it is filled with conventional square-look modern furniture.

The one-of-a-kind stitching detail of MELARA I (0100) on the back cushions give the model the uniqueness that would make the sofa set always the focus in the living room. The very-special work which is done by hand certainly adds beautiful art elements onto a contemporary sofa.

Model MELARA also features the fashion element of 2-tone outlines at the back frames.

The round-base metal sofa foot is carefully selected to compliment the round concept of Model MELARA.

Optional tempered glass coffee table (MTG3) is available for matching.

ANSON II 0108DC

Stainless steel material is an important element of modern designs in many aspects. Having stainless steel tubes extraordinarily run from the sofa base upward through the sofa arm front and the sofa arm top is certainly a strong statement to modern design lovers.

Adding “DC” at the end of the Model no. means that there is an option of having a prestige electro-plated color of “Dark Champagne” to go with the stylish and unique stainless steel feature of Model ANSON.

ANSON II 0108DC

ANSON II 0108DC

The chaise unit of Model ANSON has its particular "routing" of how the stainless steel tube is run which also matches the connecting sofa.

The small tempered glass side table (MTG1) is an optional and functional item.

ANSON I 0107

ST2

ANSON I 0107

Model ANSON I (0107) is the minimalistic version alternative to Model ANSON II (0108) . The "cleaner" look of Model ANSON I (0107) is certainly more attracted to users who value simplicity.

The headrest is optional and is available for all sofa items of Model ANSON.

Thanks to the German technical advancement, the seat sliding mechanisms become smoother with metal glides. Also, a special click function at the closing position which prevents the seat from sliding out when it is closed.

MIRA 0080

MIRA 0080

The smooth and round outline of Model MIRA (0080) makes it particularly well presented in extra-large living room where the sofa set is placed at the center of the room.

The special design of Model MIRA was inspired by the streamline exterior of modern sport cars.

Highly reliable Italian mechanisms, including gas lifts, flip up and create strong back support while seating.

MIRA 0080
